Dear Sir:

**RESPONSE TO RESTRICTION REQUIREMENT**

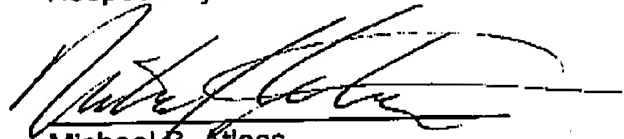

This is responsive to the Patent Office communication of March 24, 2004 related to the above-referenced matter. Applicant elects group I, with traverse. The search required for each of the three groups spans a single class and closely related subclasses. The additional expenses that would be incurred by the applicant to maintain three applications to merely avoid review of two claims from immediate consideration seems inappropriate from an economic standpoint.

Reconsideration is respectfully requested.
